Continuation of Substance of Interview including description of the general nature of what was discussed: It was agreed to add the language of the "whereby" clause of claim 53 into claim 45 since the language of the specification is not read into claims. Additionally, it was discussed to change "whereby" in claim 53 to -- wherein --. No agreement for this change was reached. Since the "whereby" phrase is given patentable weight and the function of the phrase is read into the claim as a limitation, the change has not been made.
